Notice

Date 04th March 2023

Subject: Poster Presentation Programme.

Dear Students,

The Department of Microbiology is pleased to announce an upcoming Poster Presentation Programme. This event provides a platform for students to showcase their creative work through visually engaging posters. It is an excellent opportunity to enhance your presentation and communication skills, as well as gain valuable insights from peers and faculty members.

Details of the Programme:

- Title of the Activity: Poster Presentation
- Programme Coordinator: Mr. J. V. Kuwar
- Organizing Department: Microbiology
- Number of Participants: 20
- Day and Date: Thursday, 10th March 2023
- Venue: Conference Hall

The Poster Presentation Programme will be held on Thursday, 10th March 2023, in the Conference Hall. Mr. J. V. Kuwar will be coordinating the event, ensuring its smooth execution and providing guidance to the participants. All interested students from the Department of Microbiology are invited to participate in this event. It is an excellent opportunity to showcase your research projects, study findings, innovative ideas, or any other relevant work. You can present your work using visually appealing posters, which will be displayed in the Conference Hall throughout the event.

We look forward to your active participation in this Poster Presentation Programme, which promises to be a rewarding experience for all. For any queries or further information, please contact Mr. J. V. Kuwar or visit the Department of Microbiology.

Best regards,

Head,

A Brief Report of the Student Centric Activity

Academic Year: 2022-23

Details of the Programme

- Title: Poster Presentation Programme
- Date: Thursday, 10th March 2023
- Venue: Conference Hall
- Programme Coordinator: Mr. J. V. Kuwar
- Organizing Department: Microbiology
- Number of Participants: 20
- President I/C Principal: Dr. V. Y. Kadam
- Head of Department of Microbiology: Mr. S.S. Shinde

Introduction:

The Department of Microbiology organized a Poster Presentation Programme on Thursday, 10th March 2023, in the Conference Hall. The event aimed to provide a platform for students to present their research, findings, and creative work through visually appealing posters. Mr. J. V. Kuwar served as the Programme Coordinator, working alongside Dr. V. Y. Kadam, the President I/C Principal, and Mr. S.S. Shinde, the Head of the Department of Microbiology.

Objective:

The primary objective of the Poster Presentation Programme was to foster effective communication and knowledge dissemination among the students of the Microbiology department. The programme aimed to encourage participants to showcase their research projects, findings, and innovative ideas through visually engaging posters. It provided an opportunity for participants to enhance their presentation skills, receive valuable feedback, and engage in discussions with fellow students and faculty members.

Programme Details:

The Poster Presentation Programme took place in the Conference Hall, which offered a spacious and well-equipped environment for the event. The coordination and organization of the programme were overseen by Mr. J. V. Kuwar, who ensured the smooth execution of the event. A total of 20 participants from the Microbiology department actively participated in the programme.

Department of Microbiology**

The event commenced with an opening address by Mr. J. V. Kuwar, who emphasized the significance of effective communication and encouraged participants to actively engage with the audience during their presentations. He highlighted the value of exchanging ideas, sharing knowledge, and seeking constructive feedback. The Conference Hall was adorned with visually appealing posters created by the participants. Each poster showcased the unique research projects, study findings, or innovative ideas of the respective student. The posters incorporated a combination of concise text, visual aids, graphs, and images to convey information effectively.

During the programme, participants were allocated specific time slots to present their posters. They confidently explained their research methodologies, findings, and implications to the attendees, which included fellow students, faculty members, and experts in the field of Microbiology. The presentations were followed by engaging question-and-answer sessions, allowing participants to receive valuable feedback and suggestions for improvement.

Conclusion:

The Poster Presentation Programme organized by the Department of Microbiology was a resounding success. It provided students with an invaluable platform to showcase their research projects, findings, and creative work through visually appealing posters. The event facilitated effective communication, encouraged knowledge sharing, and fostered an exchange of ideas within the field of Microbiology. The active participation of 20 students demonstrated their dedication and enthusiasm towards their academic pursuits. The guidance and support from Mr. J. V. Kuwar, along with the supervision of I/C Principal Dr. V. Y. Kadam and Mr. S.S. Shinde, Head department of Microbiology, ensured the smooth execution of the programme. Overall, the Poster Presentation Programme served as an enriching experience for the participants, enhancing their presentation skills and fostering their academic growth in the field of Microbiology.
