Notice

05th April 2023

Dear students of B.Sc. III (Microbiology),

We are delighted to announce that a Quiz competition on the topic of "Know Your Microbiology" has been organized for you. This competition aims to enhance your knowledge and understanding of various aspects of microbiology.

- Details of the quiz competition are as follows:
- Topic: Know Your Microbiology
- Date: 13th April 2023
- Venue: Hall No. 19

The quiz competition will provide you with an opportunity to test your knowledge in a competitive and engaging environment. It will cover a wide range of microbiology-related subjects, including but not limited to microorganisms, microbial diseases, laboratory techniques, and recent advancements in the field.

To participate, please ensure that you are available on the specified date and come prepared to demonstrate your understanding of microbiology. The quiz format and rules will be explained on the day of the event. We look forward to your active participation and making this event a success.

Best regards,

A Brief Report of the Student Centric Activity

Academic Year: 2022-23

Details of the Programme

- Title of the activity: Quiz Competition on "Know Your Microbiology"
- Name of the Programme Coordinator: Miss. Tejashree A. Jadhav
- Organizing Department: Microbiology
- Number of Participants: 20
- Day and Date: Thursday, 13th April 2023
- Venue: Hall No. 19

Introduction:

A quiz competition on the topic "Know Your Microbiology" was organized for the students of B.Sc. III (Microbiology). The purpose of this competition was to enhance their knowledge and understanding of various aspects of microbiology. The competition aimed to provide a competitive and engaging environment for students to test their knowledge in the field.

Details of the Quiz Competition:

The quiz competition took place on 13th April 2023 in Hall No. 19. The chosen topic, "Know Your Microbiology," covered a broad range of subjects within the field of microbiology. The questions encompassed areas such as microorganisms, microbial diseases, laboratory techniques, and recent advancements in the field.

Participant Preparation:

To participate in the quiz competition, students were required to ensure their availability on the specified date. They were encouraged to come prepared, having revised and refreshed their knowledge of microbiology concepts, theories, and practical applications. Familiarity with the latest developments and discoveries in the field was also advisable.

Event Execution:

The quiz competition commenced on the scheduled date in Hall No. 19. The participants showed enthusiasm and eagerness to showcase their understanding of microbiology. The event was conducted in a competitive yet supportive atmosphere, fostering a healthy spirit of learning and knowledge sharing.

Conclusion:

The quiz competition on the topic "Know Your Microbiology" proved to be an engaging and educational experience for the participating students. The event successfully achieved its objective of enhancing their knowledge and understanding of microbiology. By providing a competitive platform, it motivated students to consolidate their learning and stay updated with the latest developments in the field.

The active participation and enthusiasm of the students contributed to the success of the quiz competition. Their commitment to learning and their ability to recall and apply microbiology concepts were commendable.

The quiz competition served as a valuable opportunity for students to gauge their understanding, identify areas for improvement, and foster a passion for continuous learning in the field of microbiology. Such events play a vital role in the overall development of students, equipping them with the necessary knowledge and skills for their academic and professional journeys.
