Feedback Analysis Report 2022-23

Introduction

The Visionary leader Dr. Patangrao Kadam has established Bharati Vidyapeeth and started Matoshri Bayabai Shripatrao Kadam Kanya Mahavidyalaya, a degree college, especially for girls at Kadegaon in 1990. The college is established for the education, welfare and empowerment of the women in this region. It is named after the mother of Dr. Patangrao Kadam, her name is Smt. Bayabai Shripatrao Kadam. Every year a survey was conducted to assess the satisfaction of all the stakeholders (Students, Alumni, Teachers and Employers) regarding curriculum of the college. The college is permanently affiliated to Shivaji University, Kolhapur and follow curriculum prescribed by university. Receiving positive or negative feedback from these stakeholders is important as both these are crucial in helping monitor and evaluate the provision. Listening to what stakeholder say is a contributing factor to running a successful college or institution.

Methodology

In every academic year, we ask all the stakeholders to fill a feedback form which is made available to respective departments. The feedback forms were collected at the end of each academic year.

Design of Feedback

The responses from the student, teacher, alumni and employer are collected on the five-point scale:

1. **VG: Very Good**
2. **G: Good**
3. **F: Fair**
4. **S: Satisfactory**
5. **UN: Unsatisfactory**

Overall Evaluation

Feedback was collected and analyzed by Feedback Committee of the college. Opinion of all stakeholders are obtained about each parameter in percentage. Suggestions by the stakeholders were recorded and appropriate action has been taken.

Feedback Analysis Report 2018-19

Introduction

The Visionary leader Dr. Patangrao Kadam has established Bharati Vidyapeeth and started Matoshri Bayabai Shripatrao Kadam Kanya Mahavidyalaya, a degree college, especially for girls at Kadegaon in 1990. The college is established for the education, welfare and empowerment of the women in this region. It is named after the mother of Dr. Patangrao Kadam, her name is Smt. Bayabai Shripatrao Kadam. Every year a survey was conducted to assess the satisfaction of all the stakeholders (Students, Alumni, Teachers and Employers) regarding curriculum of the college. The college is permanently affiliated to Shivaji University, Kolhapur and follow curriculum prescribed by university. Receiving positive or negative feedback from these stakeholders is important as both these are crucial in helping monitor and evaluate the provision. Listening to what stakeholder say is a contributing factor to running a successful college or institution.

Methodology

In every academic year, we ask all the stakeholders to fill a feedback form which is made available to respective departments. The feedback forms were collected at the end of each academic year.

Design of Feedback

The responses from the students, teacher, alumni and employer are collected on the five-point scale:

1. **VG: Very Good**
2. **G: Good**
3. **F: Fair**
4. **S: Satisfactory**
5. **UN: Unsatisfactory**

Overall Evaluation

Feedback was collected and analyzed by Feedback Committee of the college. Opinion of all stakeholders are obtained about each parameter in percentage. Suggestions by the stakeholders were recorded and appropriate action has been taken.

2. Student's feedback on curriculum

➤ Type of feedback collection: Offline

Sr. No.	Department	Total number of feedback forms collected	Total number of students	Percentage of feedback received (%)

Introduction

The Visionary leader Dr. Patangrao Kadam has established Bharati Vidyapeeth and started Matoshri Bayabai Shripatrao Kadam Kanya Mahavidyalaya, a degree college, especially for girls at Kadegaon in 1990. The college is established for the education, welfare and empowerment of the women in this region. It is named after the mother of Dr. Patangrao Kadam, her name is Smt. Bayabai Shripatrao Kadam. Every year a survey was conducted to assess the satisfaction of all the stakeholders (Students, Alumni, Teachers and Employers) regarding curriculum of the college. The college is permanently affiliated to Shivaji University, Kolhapur and follow curriculum prescribed by university. Receiving positive or negative feedback from these stakeholders is important as both these are crucial in helping monitor and evaluate the provision. Listening to what stakeholder say is a contributing factor to running a successful college or institution.

Methodology

In every academic year, we ask all the stakeholders to fill a feedback form which is made available to respective departments. The feedback forms were collected at the end of each academic year.

Design of Feedback

The responses from the students, teacher, alumni and employer are collected on the five-point scale:

1. **VG: Very Good**
2. **G: Good**
3. **F: Fair**
4. **S: Satisfactory**
5. **UN: Unsatisfactory**

Overall Evaluation

Feedback was collected and analyzed by Feedback Committee of the college. Opinion of all stakeholders are obtained about each parameter in percentage. Suggestions by the stakeholders were recorded and appropriate action has been taken.

Following are the suggestions received from the stakeholders:

1. Introduce research project in curriculum for Languages and Humanities.
2. Introduce skill development-oriented curriculum.
3. Add English for competitive examination.
4. Add Unicode in the syllabus.
5. Introduce Hindi translation in the syllabus.
6. Add short problems instead of long problems in accountancy subject.
7. Change the nature of Question Paper with respect to MCQ and one sentence answer.
8. Provide practical charts in practical examination.
9. Introduce project for each student.
10. Incorporate recent trends and advancements in the field of the Microbiology into the syllabus.
11. Internal marks for evaluation for B. A. II, B. Com. II.
12. Introduce curriculum of modern History and recent war history of World.

ACTION TAKEN REPORT ON FEEDBACK

With reference to the feedback / suggestions received from the various stakeholders, the college authority officially requested to the Chairman of Board of Studies, Shivaji University, Kolhapur for changes / modifications in the curriculum.

To,

The Chairman,

Board of Studies in English,

Shivaji University, Kolhapur.

Subject: Recommendations for New Curriculum designing in English

Dear Sir,

We have conducted feedback about syllabus from various stakeholders such as Students, Teachers, Alumni and Employers regarding the present curriculum and Examination pattern in the department of English. We have received following recommendations from the above mentioned stakeholders.

1. Introduce research methodology or research project
2. Introduce skill development oriented curriculum
3. To add English for competitive examination

Please consider these recommendations while designing the new curriculum in the subject of English.

To,

The Chairman,

Board of Studies, (Microbiology)

Shivaji University, Kolhapur.

Subject: Recommendations for designing the new forthcoming Curriculum.

Respected Sir,

I am writing to you on behalf of the Department of Microbiology at BV' MBSKKM, Kadegaon, regarding the upcoming redesign of the curriculum for the subject of Microbiology. We have gathered feedback from various stakeholders, including students, teachers, alumni, and employers, and based on their valuable inputs, we would like to recommend certain enhancements to the curriculum.

First and foremost, we suggest incorporating recent trends and advancements in the field of Microbiology into the syllabus. The subject of Microbiology is constantly evolving, and it is essential for our students to be aware of the latest developments in the field. By introducing these recent trends, we can ensure that our students are equipped with the most up-to-date knowledge and skills.

Including topics such as emerging infectious diseases, antimicrobial resistance, genomics and metagenomics, synthetic biology, and bioinformatics would provide students with a broader understanding of the current challenges and opportunities in the field of Microbiology. Additionally, integrating discussions on ethical considerations, laboratory safety, and data analysis would further enhance the practical and professional aspects of the curriculum. We believe that by including these recommendations, we can offer a comprehensive and relevant curriculum that will prepare our students for the demands of the contemporary microbiology landscape. Moreover, it will better align our program with the needs and expectations of the industry and academia.

We kindly request you to consider these recommendations while designing the new curriculum for Microbiology. We are confident that these additions will contribute to the overall quality and effectiveness of the program and provide our students with a strong foundation for their future careers.

Thank you for your attention to this matter. We look forward to your support and guidance in implementing these changes.

Yours sincerely,

M. J. Kadam
