**Online Education**

1. Does all programs/courses were completed on time.	Yes		
2. Measures taken to complete the syllabus of courses and programs.	<p>All programmes offered at the institution are connected with Shivaji University Kolhapur, and hence all departments are expected to follow the Shivaji University Kolhapur syllabus. The Timetable Committee of Faculty Members creates a detailed timetable that efficiently deploys time units for academic and co-curricular purposes such as theory, practical, home assignments, unit tests, ICT, life-skill, value education, and add-on classes, ensuring a balance between the various types of engagement in which a student is expected to participate.</p> <p>The departments strive for effective curriculum delivery through a combination of time-tested and innovative methods, beginning with an entry-point assessment of the student's aptitude and expectations for the course, and proceeding according to a set of teaching plans based on an academic calendar that is detailed enough to cover the available timeframe while remaining flexible enough to allow for changes. The teaching plans include a comprehensive distribution of the course among all faculty members in a certain department. Faculty members work hard to finish the curriculum on schedule.</p> <p>The main evaluating mechanisms include tutorials/projects, class quizzes, and internal assessments, although students are invited to interact with instructors outside of class hours for clarification and curricular debates. Extra time is spent taking remedial lessons following internal exams to help pupils prepare for university exams.</p> <p>Periodic IQAC meetings, among other things, take stock of the development of teaching-learning, and meetings of the Department with the Principal and parent-teacher meetings are other places where the progress of curriculum delivery is frequently assessed and required course adjustments are implemented.</p> <p>Since the institution offers graduate degrees in Arts, Commerce, and Science, as well as master's degrees in Botany and Marathi, where students can observe, analyze, and gain insight into various intricate aspects of their syllabus, much emphasis is placed on experiential learning, such as visits to industries and excursion tours to various locations based on the needs of the particular department, such as museums, distillation plant, food processing plant, etc. to supplement classroom teaching.</p> <p>The institution is well-equipped with smart classrooms, virtual classrooms, audio-visual, and other ICT tools that teachers extensively utilize in day-to-day teaching to make curriculum delivery appealing to students. Students' engagement in group discussions, tests, and seminars promotes interactive teaching. Special lectures offered by famous experts on curriculum-related subjects enhance students' learning experience.</p>
