DEPARTMENT OF PHYSICS

Field Visit to Khodasi Power Ltd.

Study tour Report 2021-22

As per prescribed syllabus of Shivaji University for B.Sc. III Physics, there is provision of **TEN** marks for study tour report in Group VIth in practical course. Our department has been planned one day study tour to **Khodasi hydroelectric power station** Khodasi Tal- Karad Dist- Satara in month of April 2022.

Officially we made correspondence to Executive Engineer of Khodasi Power Ltd. for the visit. After getting the permission, we applied for permission of Principal of the college for the same study tour. With the official permission we planed the tour on 8th April 2022.

In this tour, we planed to visit **Khodasi hydroelectric power station** Khodasi and Khodasi dam. Before the visit of Khidasi dam, we completed one of the institutional visit of the SGM college, Karad. The tour details are,

- Duration : one day
- Students : six
- Gents Teachers : two
- Mode of Journey : S. T. Bus

As per plan on 8th April 2022, we start the journey early in the morning by S.T. Bus with six students from Kadegaon bus stand. About 10.00 to 2.00pm we visited the research laboratory of the SGM college, Karad. After the lunch we reach at the site of the Dam about 3.00pm. The project manager of Khodasi hydroelectric power station Mr. Rahul Kumbhar was explained

different aspects and operation mechanism of the hydroelectric power station which is 100% eco-friendly.

LIST OF THE PARTICIPENTS

Sr.No	Name	Post/Status	Signature
