Report of Student Satisfaction Survey 2022-2023

. Through what's group, all students enrolling in spring 2022–2023 were invited to take part in this online poll. To ensure that it reaches every college student, an online Google form for the same purpose was developed and distributed via links on the internet. The survey was conducted online with consent from the students, and respondents were given confidentiality guarantees.

Each question in the SSS format aims to gather students' factual opinions on extracurricular and curricular activities, facilities for IT-enabled services, general impressions of the college, and suggestions for improvement. Both convenience and representative sampling were used to create the data set. A 5-point Likert scale is used to analyses the data points that were gathered. The responses are graded on a scale from very good to good to fair to satisfactory to unsatisfactory.

Analysis and Interpretation:

A) Primary information

- ❖ 93.7% of the students who responded overall believe that the depth of the course material, including the project work, is good. 89.5 % students agree that, extend of coverage of course is good.

- ❖ 78.3% of students found the relevance to real-world circumstances to be positively appreciative, and 88.1 felt that the learning value was high.

- ❖ 88.1% of respondents believe that the relevance of supplementary source material (the library) is very good, and 87.6% of students think that textual reading material's clarity and relevance are very good.

❖ 85.7% of the students believe that the institute is actively interested in the amount of effort that students are obliged to put out. The majority of students, or 87.3%, concur that the curriculum's overall rating is very good

.B) About the Department

❖ 93.1% of students expressed satisfaction with their lecturers' in-depth topic knowledge and preparedness.

❖ Maximum number of students, or 267 students, or more than 93.6% of students, concur that teachers are able to communicate effectively always with a positive commitment, according to the total respondents' reported figure of 94.5%.

❖ 87.4% of students said that teachers do a good job of stimulating students' interest in the subject.

❖

❖ 86.8% of students believe that instructors can include course topics from a wider perspective.

❖ According to the study, 82.4% of the students felt that their instructor made a lot of effort to inspire them both inside and outside of class.

❖ The teaching and use of learning outcome-based curricula, which involves ongoing monitoring and assessment of students throughout the semester, has been well-received by 84.5% of students.

❖ 84.6% of the students have positively commented on the availability of enough time for comments.

❖ 88.2% of students gave the department a positive overall rating.

C) About all aspects in college:

❖ 267 students took part in the study, and of those, 59.2% were happy with the admissions process and the cost.

❖ Over 91.8% of students expressed their gratitude to the administration for the infrastructure, labs, and overall cleanliness of the college campus. According to the students' opinions, college offers a positive environment for students to grow emotionally.

❖ ☐ According to a poll, 87.6% of students thought the faculty at the institution was excellent.

- ❖ The majority of students, or 85.4%, concur that the institution makes an attempt to get students involved in extracurricular and co-curricular activities.
- ❖ 85.4% of students concur that their teachers are making an attempt to prepare them for the workforce through career advising, counselling, and placement chances.
- ❖ Over 92.2, 85.8 and 90.3% of students, respectively, expressed their appreciation for the library, canteen hostel, and sports facility. 90.7% of students concur that their lecturers support their participation in extracurricular activities sponsored by colleges and universities because these activities help students advance in their academic development.
- ❖ 89.9% of students praised the NSS department for assisting them in learning subjects outside of their required curriculum.
- ❖ 91% of students gave the department a positive overall rating.

Conclusion:

The research above shows that most students are extremely satisfied with the quality of the teaching-learning process at the institute.
