Infrastructure and Learning Resources

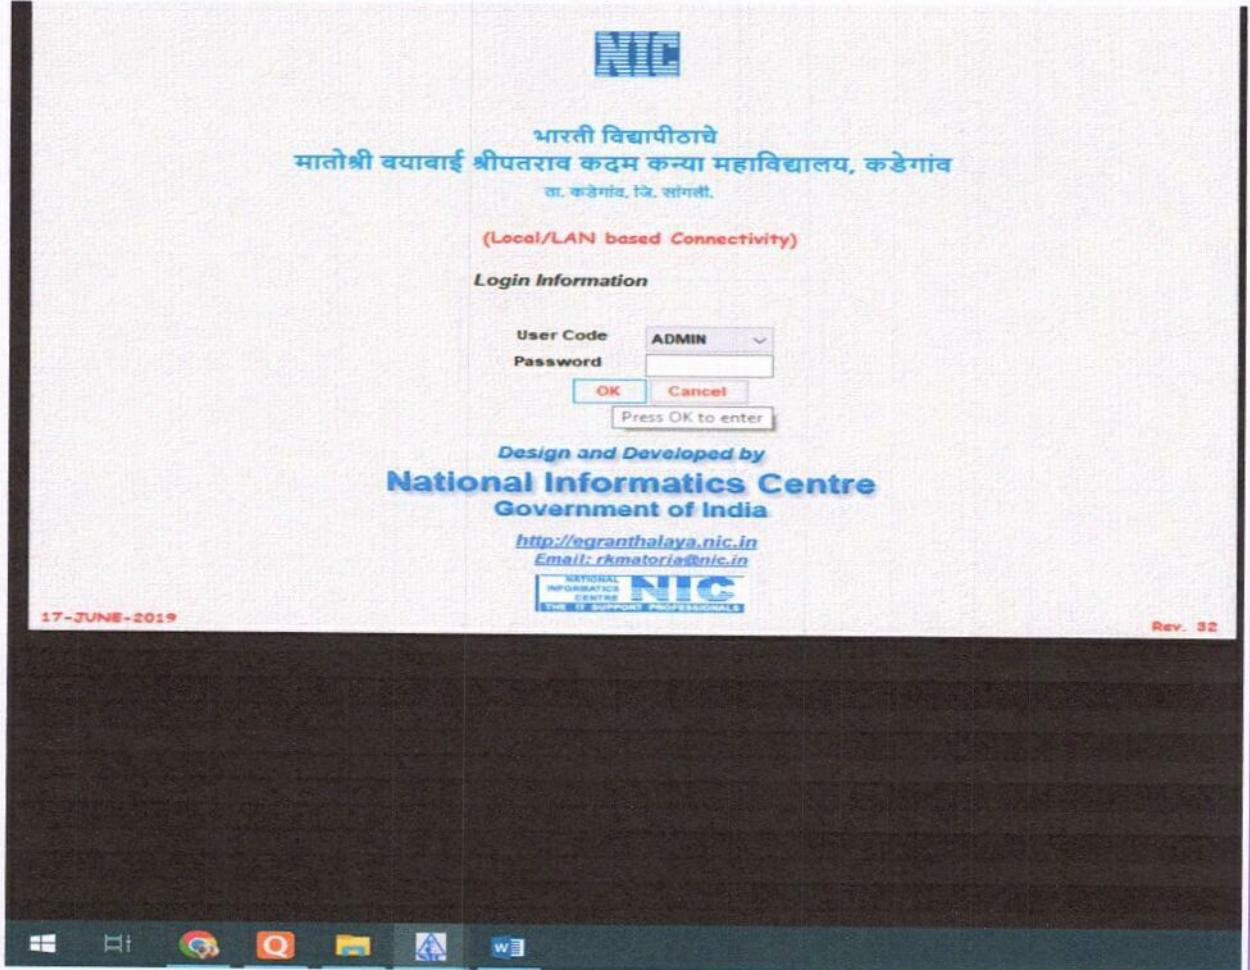

Library as a Learning Resource
Integrated Library Management System

e-Granthalaya software

Library is Automated Using Integrated Library Management System (ILMS)

The institution is using *e-Granthalaya* software which is a Digital Platform developed by National Informatics Centre, Ministry of Electronics and Information Technology, Government of India for Libraries. Under the platform, NIC provides a complete ICT solution with integrated Library Management Software, Digital Library Module, Cloud hosting environment and a Library Portal (OPAC) with NICS empaneled Roll-out Services support. *e-Granthalaya* is useful to transform traditional libraries to e-Library with Digital Library Services which includes, automation of in-house activities of libraries, and to provide various online member services using Single Window Access System. Latest version of *e-Granthalaya* i.e. Ver.3.0

- The library is fully automated. With the help of NIC's e-Granthalaya, Integrated Library Management System (ILMS).
- A Digital Agenda for Library Automation and Networking is an Integrated Library Management Software from National Informatics Centre, (NIC), Ministry of Electronics and Information Technology, Government of India.
- The software provides built-in LAN base OPAC and Web OPAC (Online Public Access Catalogue) interface to publish the library catalog. one computers made available for OPACfacility.
- All books are entire in the Software with Barcode. It is enabled for user friendly

circulation

- The library is using the User Tracking System Software.
- The library is using the Scanner for the easy to circulation for the users.
- The library is providing the smart library card for the easy to circulation,through the e-Granthalaya

Home Page

The Functioning of the software is as follows -

Library Details - This form is used to store the details of the Library which is using the software.

The software supports database management for multi-libraries. The data enter here are printed in all the reports, introduction page of the web OPAC, etc.

Subject Directory –This SUBJECT DIRECTORY will be available in cataloging module for choosing the appropriate Subject Heading.

Email Integration - *e-Granthalaya* is well integrated with the Email facility where many of the communications generated from the software can be sent direct to the users email account.

Bar Code Integration- Barcodes are used for speedy circulation. Barcodes are based on lines/strips printed on the label and pasted on the book. Generates barcode labels of various kinds/sizes, and reads the barcode labels during issues/return, etc.

Library Card /Barrow Card Printing

Smart Card Integration - Smart Card is a kind of Identity Card, Smart card can be used in eG3 for ISSUE of the books. For using smart card swap the card in card reader.

The screenshot displays the 'Main Report' window of the 'e-Granthalaya Report 3.0' application. The window contains a grid of 8 library barrow cards, arranged in 4 rows and 2 columns. Each card is a template for a library member's identification and borrowing card. The cards are numbered SRT-01 through SRT-16. Each card includes the following information: a title in Marathi, the member's name, title, department, phone number, and validity date (May 30, 2024). A small portrait photo of the member is placed on the right side of each card. Below the text is a barcode and the labels '(Borrower)' and '(Signature)'. The software interface includes a standard Windows taskbar at the bottom with various icons, a system tray showing the date and time (2:38 PM, 08/14/2023), and a status bar at the bottom of the application window showing 'Current Page No: 1', 'Total Page No: 1+', and 'Zoom Factor: 90%'.

LIBRARY USER TRACKING SYSTEM SOFTWARE

Library user's attendance paperless in-out record. The library keeps a record of every member coming and going to the library, which member came when. How much time did he spend in the library. The library has many visitors, every institute issues an ID card to each student, and the ID card is encrypted. With the help of barcodes, we can calculate library members. One in front of the main lobby of the library Commands to compute with a computer as well as each other that occurs when a binary code is connected to the same computer. By showing your ID card to a student or staff member, you will be admitted to the library. In case of withdrawal as well as withdrawal, the same should be recorded in the Library Accounts Register. Report on how long the member sat in the library or returned to the library. By commanding the calculation, you will know immediately the librarian will take a printout of the report and keep it in the file or stored in PDF, Excel any soft copy format or e-mail Reports.
